A man and a woman are relaxing in lounge chairs in a sauna. The woman is in the foreground, wearing a green towel, and the man is in the background, also wearing a green towel. They are both lying back with their eyes closed, appearing to be in a state of relaxation. The sauna has wooden walls and floors, and there are some items on a table in the background. The lighting is warm and soft, creating a cozy atmosphere. The word "WELLNESS" is written in large, blue, distressed letters in the bottom left corner. Below it is a line of text: "Nothing beats a sauna visit after an active day in the fresh air." The right side of the image is partially obscured by a blue, irregular shape that looks like a splash or a cutout.

# TRAFFIC REGIME DURING THE WINTER SEASON

During the winter season in the area of Ravenska Kočna valley, a modified traffic regime is in place. We kindly ask you to adhere to it, as this will make your visit much more enjoyable.

Especially on weekends and during the holiday season around Lake Planšar, we expect an increased number of visitors, so in those periods, a circular traffic arrangement will be organized.

We ask you to consistently observe the traffic signals and follow the instructions of the traffic wardens.

## Visit to the Ravenska Kočna Valley

Traffic into the glacial valley of Ravenska Kočna is no longer allowed in winter and concludes at the hunting lodge. You can continue on foot into the valley, following the signs for the new pedestrian path leading to the freight cable cars. The thematic walking path into the Ravenska Kočna valley is closed during winter, as are the mountain huts. We kindly request that all hikers not walk on the cross-country skiing trails and keep dogs on leashes.

## Parking

All hikers and skiers/runners (visitors of Park Jezersko) can park at the free parking lots near Lake Planšar or Park Jezersko. All the parking lots are marked on the map.

For more information  
related to winter  
offerings, please check  
the QR code.
